Dear Gordon:

Thank you very much for your letter and for its enclosure, which I have added to my fund for research materials. It was very thoughtful of you.

The Dell edition of WHITEWASH we understand is being distributed all over the country. But so far we have no plans for a Dell edition of WHITEWASH II.

Because of your interest in the subject, I am enclosing a leaflet which will tell you something about what I am working on now, which I hope will be done by the end of February, but with all the demands on my time I can't work on it as steadily as I would like to.

I do appreciate your letter and hope you are representative of your generation in your interest in the national welfare because you are the people who will be running the country in the future.

Sincerely,

Harold Weisberg
